CIPA AND THE NEW TECHS

Lynne Douglas-Simmons, SLIS, NCBT Shelby Elise Simmons, MAT Colleton County School District SCASL, March 8, 2013

CIPA: An Opportunity

Children's Internet Protection Act

- E-Rate Compliance
- District mandate for LMS to teach
- SC Internet Safety Standards
 - <u>http://www.csafety.scaet.org/SC_Internet%20Safety%20Standards</u>
 <u>K-12.pdf</u>

Collaboration

- Thanks to security filters most "danger" for students is at home or on personal devices
- Parents need training to protect children
- Title I mandates instruction for parents

Collaboration

- Bring in the Parent Involvement Coordinator!
- CCHS Partner Palmetto Rural Telephone Coop provided
 Local Access Channel

Program Components

- Common Sense Media Curriculum
 - www.commonsensemedia.org
 - · Leveled content by grade
 - Free resources include videos and full lesson plans

Commonsensemedia.org/educators/curriculum/grades-9-12

Program Components

- Website: http://ccis.ccsdtitle1.org
 - Instruction and Resources
 - · Focused on Parents

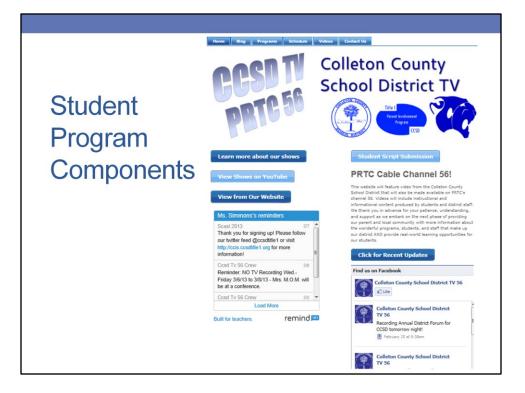

Website developed in November 2012

Lessons include: Anti-Cyberbullying for Parents, Creating Content, Digital Life 101, Scams and Schemes, Strategic Searching

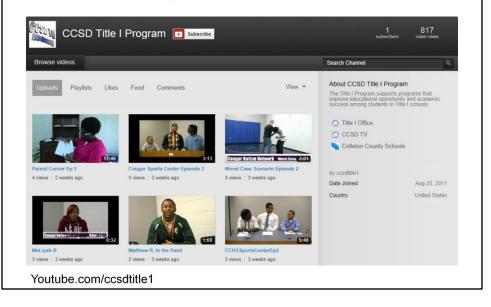

Content Area Integration

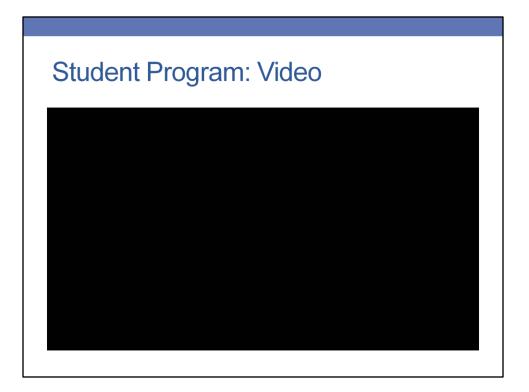

- Students create video or web based responses as a part of intensive writing/communications practice
- Students learn digital creator's rights and search skills in a project-based format that contains core subject content

Website developed January 2013

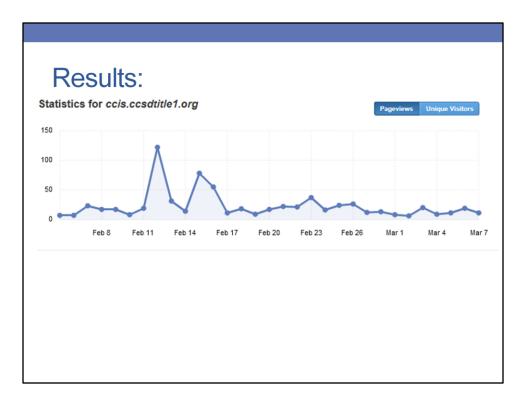

Student Program: Video

Channel auditions for student broadcasters, students also pitched their own ideas for TV shows.

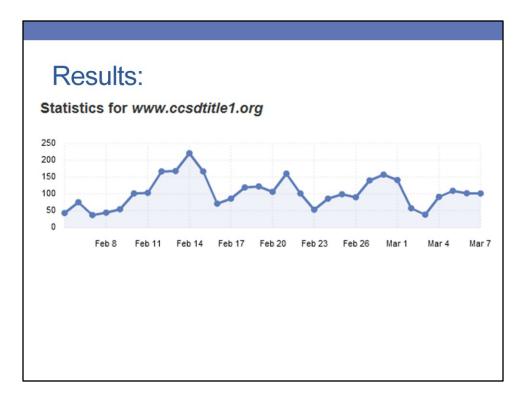

Video is available at Http://youtube.com/ccsdtitle1

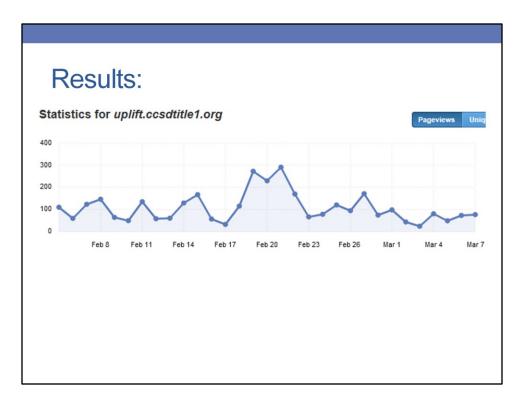

Internet Safety website begun in November 2012, chart shows average views of 30 hits per day.

TV Website begun in January 2013, average approximately 40 hits per day.

Title I Website, average hits 130 per day.

Parent Involvement Website, average hits 110 per day.

Outcomes:

- Program will continue with district level support and additional schools will be added
- Student and Parent engagement and awareness have increased
- Broadcast content will increase

This is an ongoing project!

Reflections:

- Writing, especially writing for media will be a focus and aligns with common core
- We will collaborate with more teachers to encourage use of video in project-based or flipped-classroom learning
